

**ZONC's Eastern Sierra's – Mono Lake/Bishop Loop
June 7-8, 2008**

Want to experience what the Death Valley/Loneliest Roads Z Car runs were all about? Here's your chance! It's an overnighter (Saturday and Sunday) which traverses some of the same roads from those trips. <http://community.webshots.com/user/yojack1?vhost=community>

The run will start from Starbucks in Stockton and the morning drive will head up Highway 4 and Ebbetts Pass (8730 ft.) then Monitor Pass (8314 ft.) eventually reaching Lee Vining on Highway 395 for lunch. After resuming from the Mono Lake Visitors Center, the course heads east on Hwy 120 (my personal favorite 50 mile stretch of highway reminiscent of Laguna Seca). We will then loop around the highest peak in Nevada (Boundary Peak – 13,140 ft.). Then we'll head south on Hwy 264 towards the 10,000 ft. Bristlecone Pine Forest Road with some of the most spectacular views anywhere. For those that feel like an easier afternoon drive, a bypass or alternate route may be taken from Benton on Hwy 6 South to Bishop (34 miles). It would be approximately 3 hours less time and 100 miles less distance. The town of Bishop will be the destination for that Saturday night. We will have a group reservation for dinner for those interested.

Sunday morning's drive heads back up Hwy 395 north to Highway 108 and the Sonora Pass (9,624 ft.) with a final lunch break in Sonora.

To guarantee a spot for the run, make your reservation with us as soon as you can. At this time of year (and on a Saturday night) rooms are extremely limited. Bring FRS Radios and extra batteries.
